Get started in the [catalog](#).

## Account

### Account settings

Upgrade your account, activate special features, and redeem discounts.

### Resource groups

Group your resources so you can quickly assign users access to multiple resources at a time. Resource groups are available for all resources that are managed by IBM Cloud Identity and Access Management.

### Cloud Foundry orgs

Adjust resource quotas, users, spaces, and custom domains.

### Licenses and entitlements

Assign licenses to your account for account members to use when installing software.

### Tags

Use tags to manage your resources.

### Dashboards

Create, manage, and share customized dashboards. Use a dashboard to group resources for specific projects or teams.

### Audit log

View the actions that have been performed on your classic infrastructure resources. Available for all resources managed by Cloud Foundry.

### Company information

View company contacts, company information, and account owner details.

### Classic Subscriptions

View and modify notifications related to classic infrastructure resources.

### Notifications Distribution List

Get notified via email, Slack, Microsoft Teams, or webhooks when important events occur that affect this account.

### IBM Cloud Shell settings

View and modify your IBM Cloud Shell settings.
